**RESPONSE TO NOTICE OF DRAWING INCONSISTENCY WITH
SPECIFICATION**

Sir:

On 11/16/2004 the applicant received a Notice of Drawing Inconsistency With Specification that was mailed on 11/9/2004 indicating that the drawings filed on 9/20/2004 were received but that Figure 7E contained in the drawings was not listed in the brief description of the drawings contained in the specification.

Upon review of the specification as filed, the applicant notes that on page 7, lines 7-10 recite:

"FIGS. 7A, 7B, 7C, 7D and 7E illustrate sequences of video frames depicting *stack*, *unstack*, *move*, *assemble*, and *disassemble* events, wherein the results of performing segmentation, tracking, and model

reconstruction have been overlayed on the video frames;" [emphasis supplied]

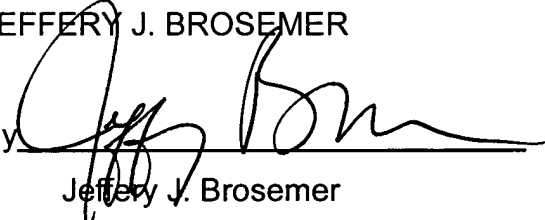

Accordingly, the applicant believes that Figure 7E is listed in the Brief Description of the Drawing in the Specification.

A copy of the notice and page 7 of the specification is attached for your reference.

If for any reason, the above understanding is incorrect, please contact applicants' attorney, Jeffery J. Brosemer, Ph.D., ESQ at 732.275.9167 so that resolution may be made as expeditiously as possible.

Respectfully submitted,
JEFFERY J. BROSEMER
